HUGE FREIGHTER WILL DOCK HERE
WORK PROGRESSES ON ELLIS SLOUGH PROJECT

'ROUND 'N' 'ROUND
Life's funny.
A man will always aspire for the thing that is high above his reach.
In its very nearness to him, it looks beautiful... something to attain after a hard struggle.
Yet, it is so far away from him.
And he'll climb to the heights for it... fighting... struggling... praying.
Sometimes he falls down... and stays down...
Other times he sees through the shallowness of the thing he's strived for... sees that it isn't worthy of his fight.
And he goes on his way... and picks out a higher place to fight for...
Some times he wins the object of his fight... he strives so hard...
And after he gets it... he doesn't want it... some things are far more beautiful when they are out of reach.
Life's funny.
This Billings-Mooney affair is one of the finest messes that has ever been forced upon the people of the state of California.
It has been a question that has faced every governor since war days.
And it is no nearer to solution than it was at that time.
Many people thought that when MacDonald was brought here to re-testify, the whole problem would be ended.
But there are little hopes of this being accomplished now.

CHANNEL TO BE DREDGED TO 33 FT.
Work on the dredging of Ellis Slough is progressing rapidly, according to an announcement made yesterday by E. A. Hoffman, engineer for the project.
It is expected that the project will be finished within a year, Hoffman said.
The dredger, Hindus, which is now at work on the turning basin near Cutting boulevard is working night and day, dredging out the basin.
100 At Work
A crew of almost 100 men is at work, smoothing out the fill, and building levees.
The dredger is powered by electricity. In connection with this official of the Pacific Gas and Electric company stated yesterday that at the present rate of consumption, the dredger will use 50,000 k.w.t. hours per month. This is almost as much power as the City of Richmond uses in a month, it was said.
In connection with the dredging, Hoffman stated that the original plan to dredge a channel and turning basin to a depth of 30 feet has been abandoned and the project will be dredged to a depth of 33 feet instead.
Industrial Lands
When completed the project will add greatly to the value of the acreage that faces the channel, and will permit ships of large draft to enter and leave the property.
Valuable industrial lands are being filled in by the dredger.
When the project is completed, the City of Richmond will have some of the best located industrial lands in the bay region.

FLIERS NEAR ENDURANCE HOP RECORD
ST. LOUIS, Aug. 12.—UP—The world's sustained airplane flight record will belong again to Dale Jackson and Forest O'Brien when they eat breakfast Wednesday morning, if their sturdy ship Greater St. Louis is still aloft at 9:43 a. m.
The 23-day pursuit of the record of 553 hours 42 minutes set by the Illinois coal miners, John and Kenneth Hunter in Chicago only five weeks ago, will be equalled at 8:43 a. m. and one hour later a new record will be recognized. The Hunter brothers broke the St. Louis boys' former mark of 420 hours made in July 1929.
Late today the fliers glided down to within 500 feet of the ground, slowed down the speed of their engine and took on their usual supply of 70 gallons of gasoline and five gallons of oil.
A steaming supper of fried chicken and hot coffee, then the motor speeded up and the plane roared away into the twilight.
"We will make it a 1,000 mark this time," Jackson, messaged down. "Then let the boys shoot at that one."
'Capone' Raids Brewery Here
"Al Capone" has branched out in his activities and has continued his depredations in Richmond, according to a note found by Richmond police yesterday after several cases of near beer had been reported stolen from the old brewery at Espee and Chanslor avenues.
Police believe the theft was engineered by children or young boys, as a note, written in children's handwriting was found which read, "Sorry, but we're thirsty."
The epistle was signed "Al Capone."

INCREASE IN SCHOOLS SEEN
With the opening of school Monday, registration figures are slowly beginning to trickle into the office of Walter T. Helms, superintendent of schools.
Although the complete enrollment of all the schools has not yet been received by Helms, it is anticipated that approximately the same number of pupils will be registered this year as in 1929.
If there is any difference in enrollment however, it will be a slight increase, it is believed.
The enrollment to date in the elementary schools follows:
Woodrow Wilson, kindergarten, 38; elementary grades, 337; Grant, kindergarten, 42; elementary grades, 432; Peres, kindergarten, 42; elementary grades, 486; Lincoln kindergarten, 43; elementary, 486; Stege, kindergarten, 18; elementary grades, 201; Fairmont, kindergarten, 33; elementary, grades 342; Harding, kindergarten, 10; elementary grades, 181; Nystrom kindergarten, 28; elementary grades, 200.

At the Roosevelt junior high school 627 pupils are enrolled and at the Longfellow junior high school, 486 are registered.

VOTE TO END BILLINGS PLEA HEARING FAILS
SAN FRANCISCO, Aug. 12.—UP—Their patience worn thin by a day of heated argument, four justices of the California supreme court voted late today to terminate the "re-trial" of Warren K. Billings, convict.
One justice, however, dissented, and the hearing was resumed.
Cross-examination in the matter of Billings' application for pardon—he has served 14 years of a life sentence for perpetrating the bombing of July 22, 1916, in which ten persons were killed—had become so acrimonious a dispute between Billings' attorney and Edward Cunha, former prosecutor, that Justice John W. Preston interrupted with:
Adjournment Asked
"We are going over and over the same ground. Examination has become argument. I, for one, move that this hearing adjourn." Chief Justice William H. Waste ruled that the hearing would continue as long as any one justice wished to hear more. Justices (Continued on Page 5)

SUICIDE ENDS QUARREL IN GOLF GAME
LOS ANGELES, Aug. 12.—UP—A quarrel between brother and sister over a game of miniature golf, terminated today in suicide for the boy, Pete Loya, 12, who hanged himself from a beam in the basement of his home.
According to his mother, Mrs. Jose Loya, the boy had been irritable for several days because of worry over the illness of his father.
She scolded him this morning over failure to perform some household task. Later he quarreled with his 11-year-old sister, Abella, during the golf game and in a fit of sulking went into the basement.
An hour later another sister, Josephine, 19, found his lifeless body hanging from a beam.

2 KILLED IN PLANE CRASH
OAKLAND, Aug. 12.—UP—When their plane dove to earth and buried itself three feet into the ground at Oakland airport today, Albert Miller, chief mechanic for an air company, and his roommate, Harry Hagen, were instantly killed.
The crumpled plane immediately burst into flames. Field attendants were unable to get near the blaze with fire extinguishers. The ship was a fire biplane.
Both fliers were in their early twenties. Miller had just received his private pilot's license. He had less than 20 hours flying experience.
The plane was flying several hundred feet above the ground when it went into its fatal dive.
Lieut. L. B. Gregg, instructor for a flying school, was flying a plane just above Miller's machine at the time the biplane crashed.
"The plane struck the ground with the motor wide open," Gregg said. "I believe both men were instantly killed. The gasoline tank burst, spraying fuel over the plane. It burned completely before rescuers could get there."
Grant D. Miller, Alameda county coroner, took charge of the investigation.

LEGION GRID TEAM HAS PRACTICE

Nearly enough men to complete two teams were present at the first practice of the Richmond American Legion football team on the high school gridiron last night.

Dan "Hap" Bradley, manager of the squad was well pleased with the number of men who turned out for the first workout and appeared enthusiastic as to the team's chances this year.

Bradley said yesterday that he is already starting to line up teams for the Richmond squad, and tentatively announced that the first game would be played with the Castro Parlor, Native Sons of the Golden West about the middle of September.

"In the meanwhile," Bradley said "I am making arrangements for a coach for the team, and we will probably start scrimmaging practice in a week or so."

Last night was chiefly devoted to loosening up the muscles that have become inactive through the past year from lack of use, and no scrimmage was held.

Bradley's idea is to work the boys into shape slowly so that when the season opens the Richmond squad will be ready to compete with the first rank players.

Another light workout will be held on the high school field at five o'clock tomorrow night, and Bradley announced that any player who wishes to try out for the team is requested to attend this workout.

Rat Invasion Crosses Border

HARBIN, Aug. 12.—Countless millions of rats and other rodents are now crossing the Siberian borders and are spreading destruction and chaos in Mongolia and Manchuria.

The rats, passing south of the border river, the Argun, are moving toward the Manchurian city of Chailinor, their vanguards having been reported to be seen within 36 miles of Hailar, almost 300 miles from the Siberian border.

Hundreds of acres of grain almost ready for the harvest have been destroyed and several persons bitten by the rodents are reported to have died.

HELEN WILLS WILL QUIT NET GAME

SAN FRANCISCO, Aug. 12.—UP—Mrs. Helen Wills Moody, six times winner of the national women's tennis championship, will not defend her title this year at Forest Hills. The entry list for the event closes today as announcement was made that she would not compete.

No explanation of the decision was given but it was felt that after her recent trip abroad she wished to remain at home with her husband and relatives. She intimated, however, that she had no intention of giving up competitive tennis.

Mrs. Moody returned only a short time ago from Europe where she won the French and English championships.

Officials of the eastern tournament grew worried as the closing date for the play approached, remembering that in the past Mrs. Moody had always signed up early. Yesterday when no word was forthcoming from the tennis champion, J. S. Merrick of New York, former president of the United States Tennis association, telephoned Dr. Sumner Hardy, former president of the California Tennis association, requesting that he press Mrs. Moody to make her entry.

After a brief consultation with Mrs. Moody, Hardy announced her decision.

The former Helen Wills withdrew from the national championship in 1926 because of illness.

Since her return to California she has played regularly at her tennis club, giving no information that she had no intention of not defending her title at Forest Hills.

ODD FELLOWS WILL MEET SONS

The title of the Richmond City Twilight baseball league will be at stake on Aug. 24, when the Odd Fellows and Native Sons, tied for first place, will tangle in the final and decisive battle of the season.

The contest will be played on the first street diamond at 10:30 o'clock before what will probably be the record crowd of the year.

Johnny Babich of the three linkers and Lefty DeBaere of the Native Sons will probably face each other on the mound in the critical struggle.

The history of the 1930 City league season has been especially hectic, and a very complicated situation existed when the official schedule came to an end. The Odd Fellows, Firemen, and Native Sons were all tied for first place, and the atmosphere was fraught with controversy over the method of solving the problem. It was finally decided that the first step toward the solution would be a contest between the Firemen and Odd Fellows. The Firemen were defeated.

The Firemen then tangled with the Native Sons. The Native Sons were victorious and thereby won the right to meet the linkers in the title bout. In so doing, they sent the Firemen down to third position. If the Sons had not been successful, they would have been sent down to third place, and the Firemen would have been second in league standing.

At last, the much prolonged final contest is to be played. There are fairly probable chances that it will become a classic of local baseball history.

High School Grid Team Has Practice

The gridgers of Richmond Union high school donned their football tog for the first time this year yesterday afternoon.

No organized practice was held yesterday. The first real practice of the 1930 season will be held today on the high school gridiron.

Phil Hempler will command the local athletes this fall. This is the first time in a decade that the Red and Blue gridgers will attempt to climb to high school football fame without the assistance of "Major" Ivan W. Hill, who is now recreation director of Richmond.

Hempler, will have an excellent foundation upon which to build his team of 1930. Hill has produced many stellar gridmen at Richmond high, and these athletes, who have not yet graduated, will come in mighty handy this year in the formation of a record-breaking aggregation.

St. Paul Golf Tourney Will Open On Friday

ST. PAUL, Minn., Aug. 12.—UP—Early arrivals for the St. Paul \$10,000 open golf tournament this week-end teed off today for practice rounds.

While most of the eastern professionals and golfers from the middle west were not expected to arrive until tomorrow, twin city entries and others from nearby states who arrived for a full week of practice spent the day in shooting over the Keller links where the tournament will start on Friday.

Eighteen holes of golf will be played on Friday, another eighteen Saturday, with the final thirty-six

Firemen Will Meet Redwood City On Sunday

The Richmond Firemen will invade the lair of the Redwood City fire-fighters Sunday in quest of the traditional title of an annual series of ball games between the local and Redwood City fire fighting baseball athletes.

The contest will be played at 10:30 Sunday morning on the Redwood City diamond.

The first game of this year's series was won by the Redwood City squad by a score of 9 to 5. The Richmond players have been giving many eastbay teams all kinds of trouble since that time, and it is believed that they are now in condition to trounce the Redwood City aggregation in the return battle.

Carl Kamb will be on the mound for the locals with Morrison relieving.

A feed will follow the game at Redwood City.

Hollywood Nine Defeats Seattle

LOS ANGELES, Aug. 12.—UP—Otto Branan's home run in the eighth inning with two men on bases clinched a 5 to 4 victory for Hollywood over Seattle tonight.

By scoring two men ahead of him the Star's second baseman broke a two to two tie which had threatened to prolong the night game.

While most of the eastern professionals and golfers from the middle west were not expected to arrive until tomorrow, twin city entries and others from nearby states who arrived for a full week of practice spent the day in shooting over the Keller links where the tournament will start on Friday.

Eighteen holes of golf will be played on Friday, another eighteen Saturday, with the final thirty-six

LEGION NINE TO MEET BERKELEY SATURDAY

The American Legion juniors of Richmond will attempt to avenge their recent one to nothing defeat by Berkeley when they tangle with the Berkeley lads this Saturday afternoon at First street.

Either Gordon Lemon or Reno Passoni will surmount the mound to chuck for Richmond.

Lemon chuckled probably the greatest game of his career last Saturday. He allowed but three hits, and whiffed 22 Berkeley hitters.

Another fast, close battle is expected to be fought in Richmond next Saturday. Both teams have shown a sensational caliber of fielding and should turn in a neat exhibition this week-end.

Jackson Wins In Bout With Benny Miller

LOS ANGELES, Aug. 12.—UP—A surprise attack in which he reigned body blows on his opponent in the final canto won a decision for Sammy Jackson in his ten round feature bout with Benny Miller at the Olympic here tonight.

The fight was fairly even until the tenth round when Jackson sprinted to victory over the clever Miller.

In the semi final Young Sport of Los Angeles won a close decision from Ernie Hood, Pasadena. Chalky Wright, San Bernardino also won via the decision route from Sid Courtes.

BAD ONE WILL CLOSE AT FOX TONIGHT

Dolores Del Rio's first all talking picture for United Artists, "The Bad One," scheduled to close tonight at the Fox-California theater, with Edmund Lowe, includes many illustrious film names in its roster of supporting players.

Playing important character roles in a picture replete with strong dramatic characterizations, are Don Alvarado, George Fawcett, Ulrich Haupt, Mitchell Lewis, Yolande D'Avril, Adrienne d'Ambricourt, Blanche Friderici, Ralph Lewis, Harry Stubbs, John St. Polis, Victor Petel, Raoul Paoli and Tommy Dugan.

George Fitzmaurice, director of this romantic comedy drama of the Marseilles, France, waterfront cabaret, presents the delightful Dolores Del Rio as a coquettish dancer and singer, while Lowe appears as a sea-going Don Juan.

The director used only thoroughly experienced and time-tried screen performers in this inaugural appearance by the star as a talking picture player. The picture brings Miss Del Rio and Lowe together for the first time since they scored so conspicuous a success in "What Price Glory."

Fitzmaurice contends that the "smallest" bits in talking pictures should be in "the hands and voices" of real, as well as reel, actors and actresses. "One unconvincing performance," he maintained, "no matter if it is only a fleeting glimpse and a few words when the picture is finally assembled, spoils the whole effect. Picture actors with screen personalities who have had voice training are now more than ever coming into their own."

"The Bad One" is a vigorous comedy-drama of adventure, based on an original story by John Farrow, with locales in the Marseilles cafes and on an island penal institution.

Also on the program is a talking comedy and cartoon.

Rattlesnakes Without Rattles A Valley Pest

FRESNO.—The San Joaquin valley has become infested with rattlesnakes and rattlesnakeless snakes. Carl Thompson of Three Rivers, came across two of them in one day and while both were ready to strike, neither one rattled a rattle.

Thompson killed them with a hoe and a club, respectively. Another case of a rattler who failed to rattle was reported by Guy Swannack, who turned down the covers of his bed at Camp Nelson to be faced with the heady eyes of a reptile. Swannack blew off the snake's head with a quick shot fired from the hip.

To make up for this deficiency of rattling among the snakes, however, comes this report from Mariposa.

Ten extra rattles were added to the 15 already possessed by a snake kept as a pet in a Mariposa garage. The work was that of a group of mischievous small boys.

The night watchman has complained that his sleep has been interrupted on several occasions by the racket of 25 rattles rattling on one rattlesnake.

Stars' Home Hit By Fire

HOLLYWOOD, Aug. 12.—UP.—Members of the motion picture colony who reside in the luxurious Villa Carlotta sought safety in the streets late today when fire of undetermined origin swept the upper floor of the apartment house, causing damage estimated at \$20,000. The fire occurred at an hour when most of the tenants were absent. Among those who have apartments there are Fern Andra, German screen star, Francis MacDonald, film actor, Allini Martine, grand opera singer, Luella Parsons, screen writer, Ernest Pascall, film writer.

BIG HOUSE TO BE SHOWN AT FOX

Strange escapes from prison were gone over in police records and history to determine the modulus operandi of a prison escape in "The Big House" Metro-Goldwyn-Mayer's drama of penitentiary revolt, which will open tomorrow at the Fox-California theater. It was disclosed by Wallace Beery who has the part of Butch, a hardened criminal.

"No less than eighteen escapes were investigated in detail from the records," stated Beery. "George Hill, the director, Frances Marion, author, Chester Morris, Robert Montgomery and I held a two day's conference, each voting on his favorite method to determine how Chester was to break jail."

"We found some amazingly ingenious escapes. There was a case in New York in which a man got into a hollow steel girder of a bridge in process of construction and crawled away through it. In another case a prisoner who was a trusty just donned the overcoat and hat of a member of the prison board which was in session in the prison and walked out. He was recaptured. Several convicts have escaped in loads of garbage in prison vans. One managed to steal the clothes of a workman on a new building and went out with the contractor's force."

"I don't think I ever saw such elaborate research on any picture as on this one," Beery said. "A perfect replica of a prison was reconstructed and every step was supervised by former prison officials."

As in most of Beery's roles, the actor's powerful physique was instrumental in getting him his part in "The Big House," although his talent for looking the villain was also an asset in this instance. So far, as Beery is concerned, beauty would only be a hindrance to his screen success. He is quite content to look as ferocious and frightful as a part demands.

Others who have prominent roles in the picture are Lella Hyams, Lewis Stone, George F. Marion, Carl Dane and J. C. Nugent. Harry Langdon comedy "The Shrimp."

FARM BOARD PROTESTS DUST

The following communication has been sent to the Board of Supervisors by the Concord Farm Bureau Dust committee:

"The Board of Supervisors of Contra Costa County, Martinez, California, Gentlemen:

"It has been brought to the attention of the Dust committee of Concord Farm Bureau that the Cowell Cement company wishes to get the aid of the board of supervisors of Contra Costa county in selling their product to the Ford Motor Car company at Richmond, Contra Costa county, thus using a Contra Costa product for a Contra Costa plant.

"This is all very fine, but how about the farmers in the vicinity of the Cowell plant who are suffering depreciation of land values, refusal of buyers to handle fruit, if not actual condemnation, of same, through the direct results of the dust from the Cowell Cement plant?

"Therefore let the supervisors do what they can for the Cowell Cement plant but at the same time see if the Cowell Cement company cannot be persuaded to cooperate with the farmers of that district in eliminating the dust from their plant.

"This protest is made in the interest of people in the dust infected district of the Cowell Cement plant in particular and the county in general. We sincerely believe that it is not the intention of the supervisors of Contra Costa county to use their good office in any way that will bring more harm than good to the citizens and taxpayers of their county.

"Using the peoples' office to further the production of the Cowell Cement company would be a detriment and bring further damage to the people of a portion of this county.

"We believe that it is the intention of our county officials to protect all alike and not to encourage any production where the producers make no attempt to control the damage done by handling said product.

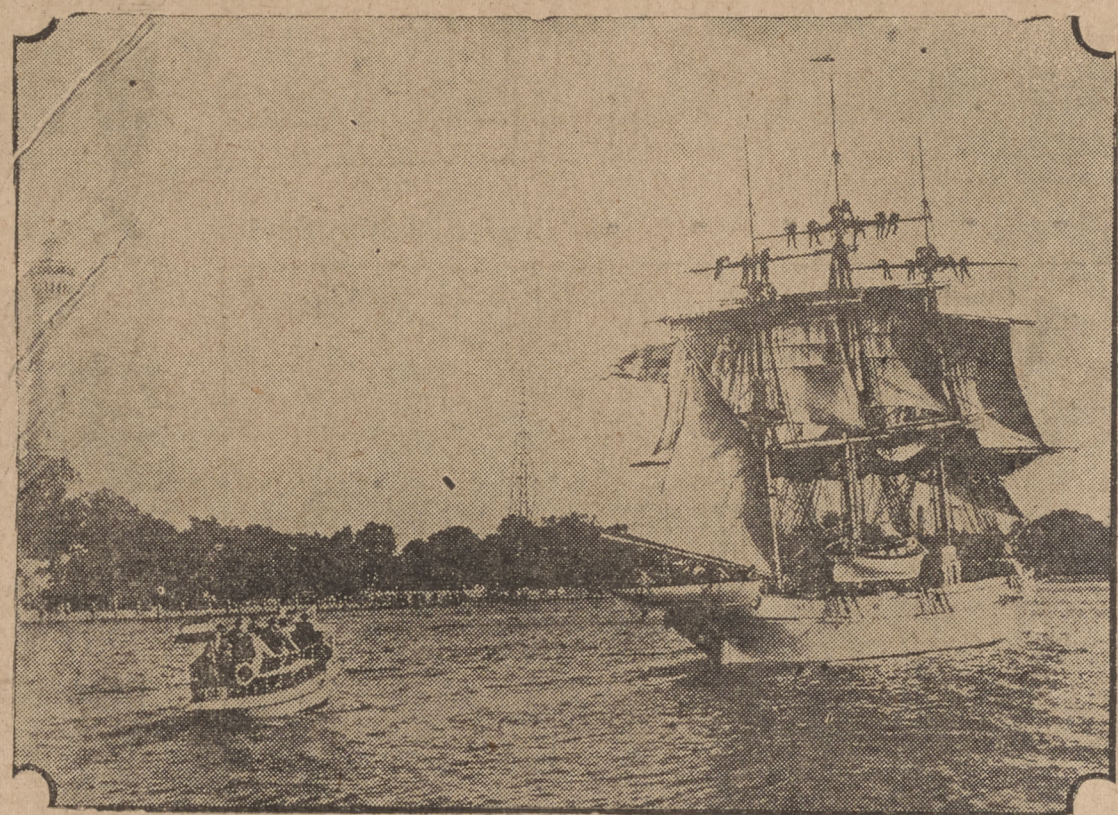

"In case the board of supervisors should find it advisable to assist the Cowell Cement company, we feel that we should have the same consideration in protection from the damage done by this act.

Very truly yours,
Concord Farm Bureau
Dust Committee,
"Arthur C. Carr,
Chairman."

TESTIMONY OF SANHUBER IS ALLOWED

LOS ANGELES, Aug. 12.—UP—

An attempted coup by the prosecution in the trial of Mrs. Walburga Oesterreich, charged with the slaying of her husband, Fred, failed here today when Superior Judge Carlos Hardy ruled that the testimony of Otto Sanhuber should stand unchallenged.

By allowing Sanhuber, asserted "garret lover" of the wealthy widow and her former co-defendant to testify freely that he was in his attic retreat and Mrs. Oesterreich was on the second floor on the night the woman's husband was murdered, the state had hoped to score against the defense by shattering Sanhuber's story with his earlier "confession."

In the asserted grand jury confession, prior to his own trial on murder charges, Sanhuber gave an entirely different version of events on the night of the slaying.

The move was checked when Judge Hardy ruled that the state, which had called Sanhuber, could not impeach the testimony of its own witness except where the story came as a surprise.

The prosecution admitted that the testimony was not unexpected. Oesterreich was shot down on the first floor of his home here eight years ago. In an asserted confession, Sanhuber was said to have admitted shooting the manufacturer in an effort to protect Mrs. Oesterreich one night when she and her husband were quarreling.

Sanhuber was convicted of manslaughter after his trial on a charge of murder here recently, but was freed under the statute of limitations, covering the lesser crime.

JUSTICES IN SQUABBLE AT PRISON HEARING FOR BILLINGS

(Continued from Page 1)

Richards, Curtis, Preston and Seawell voted for adjournment, but Justice John Sherk said: "I would like to hear more."

The hearing closed as it had opened, on a promise by Edwin V. McKenzie that he would blast the theory under which Billings was convicted.

To Prove Innocence

At the beginning session, McKenzie had said: "Leave me uninterrupted, and by three o'clock I will have proved the innocence of these men."

When three o'clock arrived, it was a matter of opinion whether he had made good or not, but his conditions had not been complied with, as his cross-examination had proceeded to a steady accompaniment of objections from Associate Justice Preston and a fire of argument from Cunha.

As the session adjourned, McKenzie said that he had several out-of-town witnesses due tomorrow, one of whom would impeach another man at a corner a block away from the scene of the explosion and eleven minutes before it happened. Crowley, McKenzie said, was actually working under a car for an hour before the explosion and could not have been at the spot.

Arguments Held

The entire day was spent in argument, as Cunha was being cross-examined on matters of opinion rather than fact. Many Boettger and son at Carmel.

expressions of weariness came from the justices, lastly when Chief Justice Waste remarked, regarding an affidavit offered in evidence:

"Yes, put it in. At last there's something we want to see."

Just before adjournment, the matter of admissibility of Cunha "Red" evidence was settled. This matter, consisting largely of bound files of "The Blast" a radical organ to which Billings was accused of subscribing, would prove his association with anarchists, Cunha said. The justice had failed to agree as to the relevancy of much of it, and all agreed when Associate Justice Preston proposed that Cunha itemize for the court those portions he thought pertinent and they alone be permitted as evidence.

The hearing will reconvene tomorrow morning. Thomas J. Mooney, convicted with Billings, had a pardon application pending before Governor C. C. Young. Billings' application is before the court under California law, which denies the governor the right to pardon a "two-timer"—Billings had previously served a felony sentence without a recommendation from the court.

ON VACATION

A few days' vacation has just been spent by Mr. and Mrs. Harry Boettger and son at Carmel.

VETS ELIGIBLE FOR PENSIONS SOUGHT

SAN FRANCISCO, Aug. 12.—State officials of the American Legion are now engaged in securing the names of all world war veterans who are eligible to pension benefits under the recently enacted pension law by the federal government.

State Adjutant James K. Fisk today called attention to the following statement to the benefits under the act:

"The new law enacted by Congress provides a pension for every veteran who served in the world war for a period of ninety (90) days or more and who is now permanently disabled to the extent of 25 per cent or more according to Veterans' bureau standards and whose disability is not the result of misconduct, regardless of whether or not the disability is service connected."

"The claim when allowed will date from the date of application."

"The bureau will accept a letter requesting form for application as the date of application. The veteran should write today making application for any and all benefits to which he may be entitled under the Pension Act passed July 3, 1930—giving full name address, rank, organization, serial number, date and place of enlistment and discharge, and claim number, if any has been made previously."

"All claims that have been disallowed as not service connected will become claims under the new law. A new application must be filed at once."

"Write the Veterans' Bureau office in your territory for Form 526-C, but do not wait. Have every disabled veteran write to the Veterans' bureau today and then follow that with the application on the prescribed form."

The usual things

IT IS DIFFICULT to imagine the world today without some of the things that make our living in it so pleasant and comfortable. How naturally we lift the telephone receiver, step into an automobile, and look for the news of the world in the newspaper — every day of our lives.

Another of these usual, invaluable things, accepted as part of the routine of existence, is the guidance given by the advertisements in this newspaper in supplying our wants from day to day. We read them. They help us to save time and money. And our lives go on — more easily and more fully.

Every day the advertisements suggest ways in which we can get things we want with the greatest possible satisfaction to ourselves. They tell us of new conveniences and comforts of which we would not otherwise have known. They help us to get down-to-the-dollar satisfaction. They assure us of proved values.

Advertisements are among the necessities today . . . read them regularly

School nurse says
all girls should
know this

TALKING to a roomful of high school girls on personal hygiene an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless, and works so easily. Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

CHAPTER I—Continued
"We're going to be in the same town, ain't we?" Griff rejoined airily. "And you tell me she's a knock-out. Well, how can you keep us apart? Of course, if I don't like her, you can keep her." He slapped Mac on the shoulders, while his comrade smothered. "Pals, Mac, old boy—pals. Anything I don't want, you can have."

Words flew then—the hot leaping words of men too long in the ferment of the sun. Proven camaraderie was forgotten before the visionary face of an alluring woman. Here was one boon that Mac would not share with his brother in arms. Their angry dispute swelled to such an intensity that Mac did not join the buoyant stampede for the dusty town's cafes, but trudged off to shoulder the punishment for his pal.

Griff was duly grateful, but he could not resist the temptation, in keeping with his impish nature, to bait his friend further. Lingering about the barred window of MacGuire's cell, he professed a tender sympathy for his mate, urged the prisoner to write a note that he would transmit to Marie, and then, when Mac took him seriously, jeered at his buddy. Under a bar-

temperately loud pitch that it reached the bustling ears of the Sergeant. Klotz, still stiff with Prussian discipline under that blasting sky. He ploughed through the sands to their side, berated Griff roundly for talking in ranks, and then at Griff's aggrieved remonstrance the Sergeant burst out with martinet fury:

"Hah! You talk back to superiors! When we arrive at Bel-Abbas, you report for arrest!"

"Boloney!" burst from Mac. Against the mutual enemy the Dannon and Pythias relationship of the two Americans reassured itself. While the infuriated Sergeant could scarcely credit his hearing, Mac snorted again: "What are you picking on him for?"

Klotz almost stuttered in rage. "You would rather I pick on you?"

"Very well!" He answered vehemently toward Griff. "Never mind reporting for arrest!" His finger swiveled bayonetlike at Mac. "You'll report for arrest. In the guardhouse for a week!"

Accordingly, when the column was with all speed dismissed in Bel-Abbas by a colonel who was a disciplinarian himself but who had a French commander's shrewd under-

rage of scalding epithets from the outwitted Mac his mischievous comrade ran off with Bert to have his fling.

At the favorite cafe of the military the pair joined the other exuberant soldiers. They too, set about forgetting their recent privations amid a throng of Berbers, Arabs and native girls, in a hall that was pervaded with smoke and a tantalizing exotic music to which a native girl was provocatively dancing the twisted rhythms of the Orient on a small platform. Bert set earnestly about his customary recreation—proposing marriage solemnly to a mocking native girl. Griff did not waste his energy thus—he sat waiting expectantly for the dancing girl on whose charms his captive comrade had dilated.

In a moment she swung upon the platform, wearing an abbreviated costume which emphasized the fact that she was white, with not a trace of native blood. She danced with a staccato vitality that set her apart at once from the sensuous languor of the swarthy belles, and yet she retained a little grace. Griff sat up. No wonder Mac had been more enthusiastic than usual.

FOOD PRICES INCREASE IN DROUGHT

CHICAGO, Aug. 12.—UP—Housewives and financiers alike felt the pinch of the "billion dollar" drought today.

In the swiftly moving panorama of events caused by the shortage of rain, prices of food for the great American dinner table shot skyward and an acute shortage of feed menaced the cattle industry.

Following are the highlights in today's drought developments:

Corn Scarce

1. The corn yield was estimated as the lowest in 29 years.

2. Feed crops were estimated to be 14.1 percent below the average since 1925.

3. Rice, buckwheat, wheat and rye are 7 percent below normal.

4. Crop losses were reflected in the Chicago grain pits where corn shot up two cents above the previous close and then dropped back to seven.

Vegetables High

5. Advances ranging as high as 25 percent were noted in vegetable prices.

6. President Hoover and his official family considered Federal legislation to relieve the farmer.

Reports reaching the United Press from the East, Midwest and South indicate that the trend of food prices is definitely upward with the prospect that no reductions may be expected before next year's crops are harvested.

Potatoes Increase

Green vegetables and fruits have begun a steady advance, while the quality is for the most part classed as second rate. Potatoes and other farm products will show a similar increase, dealers said, when the crop harvest begins. Madison Wis. reported an increase today of 40 percent in the price of potatoes over last year's price.

In sympathy, beef, mutton and pork products will rise in price also, stock yard dealers said, due to destruction of pasturage and green feed.

Eggs which could be purchased in Kansas communities for as low as 13 cents a dozen up to July 15, were selling today at 18 cents. In Chicago the price for the same eggs was 35 cents a dozen.

Beans Rise

Beans, which ordinarily vary in price from \$1 to \$1.50 in Indiana have been brought from Colorado at a cost of \$2 to \$3.50. Cantaloupes from Arkansas are bringing as high as \$1.50 a crate, whereas they formerly sold from 75 cents to \$1 in Indiana. Corn likewise, has increased as much as 15 cents a dozen ears.

Milk prices were expected to be boosted in some areas one cent a quart because of a threatened shortage. One Cleveland dairy announced the increase today. The price to the farmer was increased 60 cents a hundred pounds.

The pear, peach, apple and other fruit crops will be reduced almost in half, some produce dealers said, and the price will increase in ratio.

Higher prices of fresh vegetables and fruits already have turned consumers to canned goods, increasing the usual summer sales 25 and 36 percent, chain stores reported. Forced to pay higher prices for their raw products, canners will increase their prices also.

Norris Leads In Neb. Vote

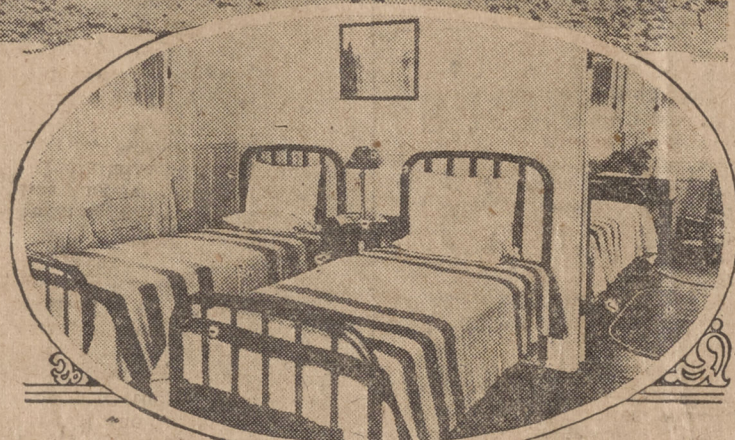

LINCOLN, Neb., Aug. 12.—UP—Senator George W. Norris who bolted his party to support Alfred E. Smith in the presidential election, tonight held a narrow lead in his fight for a Republican senatorial nomination.

Scattered returns from 431 precincts out of Nebraska's 2030 gave Norris 22,790 compared to 19,154 for W. M. Stebbins, former state treasurer, his major opponent. Aaron C. Read, 85, anti-prohibitionist, trailed far behind.

OLD AGE PENSION TO BE PLEDGED

SAN FRANCISCO, Aug. 12.—UP—Continuation of the campaign to secure satisfactory old-age pension laws in every state in the Union will be pledged by the delegates to the F. O. Eagles annual convention here tomorrow.

This was announced tonight by Col. Conrad H. Mann of Kansas City, Mo., past national grand president of the order and its national auditor in charge of organization. In a plea to the assembled delegates at this afternoon's business session Mann urged that the recent enactments of pension laws of Massachusetts, New York and California be used as models.

New Nursery For Hospital

Decision to open a second nursery room was made at a meeting of the board of directors of the Hospital Richmond yesterday morning. The decision was made after it became apparent that the one nursery was too small to accommodate the number of babies that are arriving constantly.

There are now 10 babies in the hospital, six boys and four girls. The latest baby arrivals were Monday, both boys belonging to Mr. and Mrs. Angelo Camerlo of 2830 Downer avenue, and Mr. and Mrs. E. C. Smith of 2517 Roosevelt avenue.

JACK PICKFORD CLAIMS BRIDE AT CEREMONY

DEL MONTE, Aug. 12.—UP—There's another Mary Pickford now.

Mary Mulhern of New York and more recently of Hollywood became Mrs. Jack Pickford III this afternoon at the quaint little seaside church one mile east of here.

The bride, brilliantly beautiful in a blue lace gown, said, "I, Mary, take thee, John" in a setting that could only be duplicated in the locale of Hollywood.

James Kirkwood was best man and Rev. T. J. Barkle officiated.

The sea-side church, seats 50 at capacity. The red lettered black-board showed an attendance last Sunday of 27 and a collection of \$147. There are chronos on the walls and a stove in the corner.

Rev. Barkle is a Presbyterian minister who presides over the destinies of the seaside church and fills in on Monterey peninsula pulpits when vacation take the local pastors away.

Besides the participants and the best man, the audience at the wedding consisted of several New York friends of the bride and groom and four small children. Several reporters and camera-men completed the ensemble.

Pickford appeared jubilantly happy and the beauty of the bride was remarked upon by all present.

The church was banked in flowers.

The honeymoon will start at Santa Cruz and continue via San Francisco to the Redwood empire. Kirkwood, invited to accompany the honeymooners said he may be unable to do so because of business in Hollywood.

Pickford wore a plain black suit and the bride a blue lace dress and black hat trimmed with Alice Blue ribbon. Kirkwood was dressed in a blue suit.

BRIDE, GROOM WILL FACE COURT SUITS

LOS ANGELES, Aug. 12.—UP—If Mrs. Jack Pickford, nee Mary Mulhern, follows the custom of bride, and starts a family budget when she and her new actor-husband return here to commence housekeeping, she will find approximately \$1000 in grocery bills already itemized—in municipal court suits.

The suits, three in all, were on file here today against Pickford, whom Miss Mulhern, former New York actress, married at Salinas today.

In one action, Adolph M. Schwartz, tax assessor for the S. and G. Gump company, seeks payment of \$335 alleged due on goods purchased from Gump.

In another suit, E. F. Greenfield's market is attempting to collect \$149 assertedly due on groceries purchased by Pickford. The third claim alleges that the actor owes the Fulton market of Beverly Hills \$482.05 for merchandise.

Largest, Smallest

ONE OF the oddest comparisons in Chicago is made by the tiny hot dog stand located near the huge merchandise mart.

New Tribes In Attack Upon British Troops

BOMBAY, India, Aug. 12.—UP—The Afridi tribe's uprising on the northwestern frontier gained strength today as reports from the disturbed area declared other tribes had joined with the Afridi in the attack on British outposts at Peshawar and vicinity.

The Afridi attack gained the support of 500 men on the Mughal tribe, inhabiting the eastern and of the Khyber pass, on the Afghan frontier, one report said.

TRIBESMEN IN ATTACK ON TOWN

LAHORE, India, Aug. 12.—UP—Attacking Afridi tribesmen again reached the edge of Peshawar tonight and opened fire on the British forces at the Cantonment, reports reaching Lahore said.

Bullets flew over Dean's hotel, at Peshawar, but no casualties in the city were reported. The Afridis fired again on the railway bridge, without result. British airplanes bombed stray parties of tribesmen during the day, the reports said, and succeeded in keeping the small bands divided.

Murray Leads In 'Comeback'

OKLAHOMA CITY, Aug. 12.—UP—The orator and pioneer politician came back Tuesday in one of Oklahoma's bitterest campaigns since the beaver hat and buck-brad decade.

"Alfalfa Bill" Murray, moustached and militant champion of rural rights, was leading Frank Battram, oil capitalist almost two to one in the governor's race in returns compiled by the United Press.

Thomas P. Gore, blind orator, and former senator, beating back to private life after he retired because he opposed Wilsonian policies, was leading Charles Rightman, Tulsa oil magnate in the Democratic senatorial race.

SENSIBLE WAY TO LOSE FAT

Start taking Kruschen Salts—that's the common-sense way to reduce—but don't take them with iced tea or lemonade. Get them with water, and let them work in your blood.

This is what they do—they clean out the impurities in your blood, get the bowels, kidneys and liver in splendid working shape and fill you with a vigor and tireless energy you'd most forgotten had existed.

As a result instead of planting yourself in an easy chair every free moment, and letting flabby fat accumulate you feel an urge for activity that keeps you moving around doing the things you've always wanted to do and needed to do to keep you in good condition!

Then watch the pounds slide off! Kruschen Salts are the up-to-date Fountain of Youth. Take one half teaspoonful in a glass of hot or cold water tomorrow morning and every morning—there's tasteless, that way, and if they don't change your whole idea about reducing, go back and get the small price you paid for them. Get an 85 cent bottle of Kruschen Salts—lasts 4 weeks—at La Moine Drug Co.—or any progressive druggist anywhere in the world.
